

BMW MOA MILEAGE AWARD

HONOR ROLL APPLICATION

The record of BMW Motorcycle Owners of America's High Mileage Honor Roll is kept by volunteer staff person Tony Black, and is the continuation of a program begun by Chip Goleman and updated by Lyle Grimes.

Upon acceptance of your documented application to Mr. Black, you will qualify to receive an award recognizing this achievement. The current mileage awards program recognizes miles ridden on BMW motorcycles in 100,000-mile increments up to one million lifetime miles with a pin and a patch. Miles ridden over one million miles are awarded with a plaque at each 100,000-mile increment and a pin and patch at each 250,000-mile increment up to a maximum of two million miles.

In addition to these awards, your name and mileage achieved will be posted in the *BMW Owners News*, in the "Mileage Awards" column.

Note: BMW Motorrad USA, the originator of the mileage award program, also maintains its own separate program. The BMW Motorrad program provides medallions acknowledging the achievements of 100,000 through two million lifetime miles, in 100,000-mile increments. Access to this awards program begins with your local dealer.
